At Lexington Square we use Best Friends™ to make residents feel safe, valued and to help them live the highest quality of life possible. This highly acclaimed program provides excellent training for our team, design for engaging programs and activities, successful life story application, strategies for challenging behaviors and support for families.

We use a customized memory care assessment and individual/family discussions to design an individualized daily plan for every resident. Safety and quality of life for our residents, families and team is our highest priority!
