5	The facility is a Residential Care Facility for the Elderly (RCFE) licensed for six non-ambulatory residents, of which one may be bedridden, and has a hospice waive for six. The facility is a single story home with four bedrooms, three bathrooms, a living room, a dining room, a kitchen, and an attached two car garage. LPA, accompanied by the AD, conducted a tour of the physical plant. On today's visit, LPA observed the facility to not have any residents in care and is being used as a residential home. LPA inspected the four bedrooms and observed them to be clear of any hazards. Bedrooms had the required furnishings of a bed, a chair, a chest of drawers, and a lamp. LPA observed additional linens stored in a hallway closet. LPA inspected the three bathrooms and observed them to be equipped with grab bars and non-skid floor mats. Faucets and toilets were operational. Hot water temperature measured between 117.4 and 118.5 degrees Fahrenheit. LPA inspected the kitchen and observed appliances to be operational. LPA inspected all other common areas and observed them to be clear of any hazards. LPA also inspected the exterior of the facility and observed it to be free of hazards. LPA observed a shaded outdoor seating area with furniture for resident use. The perimeter gates are self-latching and can be opened in an evacuation. There are no bodies of water on the premises.

20	LPA advised the AD to notify Community Care Licensing before they admit their first resident to conduct a subsequent visit. Based on the observations made during today's visit, no deficiencies are being cited per the Title 22 of the California Code of Regulations. An exit interview was conducted with Administrator Asis Ahmed and a copy of the report was provided.

NAME OF LICENSING PROGRAM MANAGER: Sheila Santos
NAME OF LICENSING PROGRAM ANALYST: Brandon Lopez

LICENSING PROGRAM ANALYST SIGNATURE:

DATE: 10/01/2025

I acknowledge receipt of this form and understand my licensing appeal rights as explained and received.

FACILITY REPRESENTATIVE SIGNATURE:

DATE: 10/01/2025

This report must be available at Child Care and Group Home facilities for public review for 3 years.

FACILITY EVALUATION REPORT California law requires a public report of each licensing visit/inspection. This report is a record for the facility and the licensing agency. This report is available for public review; therefore, care is taken not to disclose personal or confidential information. Inquiries concerning the location, maintenance, and contents of these reports may be directed to the Licensing Program Analyst or Regional Office whose address and telephone number are listed on the front of this form.

DEFICIENCIES A deficiency is an instance of noncompliance with licensing requirements, including applicable statutes, regulations, interim licensing standards, operating standards, and written directives. Applicants/ licensees must be notified in writing of all licensing deficiencies. Deficiencies are listed on the left side of this form, and the applicable licensing requirement upon which the deficiency is identified. There are two types of deficiencies:

- Type A deficiencies are violations of licensing requirements that, if not corrected, have a direct and immediate risk to the health, safety, or personal rights of persons in care.
- Type B deficiencies are violations of licensing requirements that, without correction, could become a risk to the health, safety, or personal rights of persons in care, a recordkeeping violation that could impact the care of said persons and/or protection of their resources, or a violation that could impact those services required to meet the needs of persons in care.

PLANS OF CORRECTION (POCs) The licensing agency is required to establish a reasonable length of time to correct a deficiency. In order to set the time, the licensing agency must take into consideration the seriousness of the violation, the number of persons in care involved, and the availability of equipment and personnel necessary to correct the violation. Applicants/licensees are requested to provide a specific plan for each violation on the right side of the form across from each deficiency. The more specific the plan, the less chance exists for any misunderstanding in setting time limits and reviewing corrections. The applicant/licensee who encounters problems beyond their control in completing the corrections within the specified time frame may request and may be granted an extension of the correction due date by the licensing agency.

CORRECTION NOTIFICATION The applicant/licensee is responsible for completing all corrections and promptly notifying the licensing agency of corrections. Applicants/licensees are advised to keep a dated copy of any correspondence sent to the licensing agency concerning corrections, or if corrections are telephoned to the licensing agency, the date, person contacted, and information given.

CIVIL PENALTIES The licensing agency is required by law to issue a Penalty Notice, when applicable, to all facilities holding a license issued by the licensing agency, or subject to licensure, except Certified Family Homes, Resource Families, and Foster Family Homes, or any governmental entity.

PENALTY NOTICE GIVEN The statement concerning civil penalties serves as a penalty notice on this Licensing Report and failure to correct cited licensing deficiencies will result in civil penalties. Applicants/ licensees are required to pay civil penalties when administrative appeals have been exhausted and in accordance with any payment arrangements made with the licensing agency.

APPEAL RIGHTS The applicant/licensee has a right without prejudice to discuss any disagreement in this report with the licensing agency concerning the proper application of licensing requirements. The applicant/ licensee may request a formal review by the licensing agency to amend or dismiss the notice of deficiency and/ or civil penalty. Requests for review shall be made in writing within 15 business days of receipt of a deficiency notification or civil penalty assessment. Licensing deficiencies may be appealed pursuant to the procedures in the LIC 9058 Applicant/Licensee Rights.

AGENCY REVIEW The licensing agency review of an appeal may be conducted based upon information provided in writing by the applicant/licensee. The applicant/licensee may request an office meeting to provide additional information. The applicant/licensee will be notified in writing of the results of the agency review within 60 business days of the date when all necessary information has been provided to the licensing agency.

EMAIL REQUIREMENT Adult Community Care Facilities, Residential Care Facilities for the Chronically Ill, and Residential Care Facilities for the Elderly are required to provide and maintain an active email address of record with the licensing agency.
