Item #	Rule (16.03.22)	Description
1	.260.05. Housekeeping and Maintenance Services.	On 8/11/26, the memory care was observed to have two emergency exit doors which did not have clear egress nor were readily accessible. The emergency exit doors were blocked with items such as mattresses, bed frames, vacuum cleaners, wheelchairs, walkers, and carpet drying fans. The facility was made aware of the hazards and rectified the situation.
2	.405.01. Medical Gases.	On 8/11/26, the facility's oxygen storage room in the memory care unit was observed to have three portable oxygen tanks which were unsecured. Facility staff were unaware of the unsecured oxygen tanks.
3	.310.01.f. Medication Distribution.	The facility did not ensure as-needed medications (PRNs) were available to residents. For example, Resident #4 did not have their PRN loratadine and airborne chews available and Resident #8 did not have their PRN autoshiel duo pen needles, fleet enema, and triamcinolone acetanide ointment available. The facility nurse stated she was unaware these medications were not available.
4	.330.03.a.ii. Resident Care Records.	The facility did not ensure staff documented efficacy of PRN medications. For instance, Resident #6's record did not document the efficacy of PRN hydroxyzine five times in July

		2026. Resident #5's record did not document the efficacy of lorazepam four times in August 2026. Both facility nurses stated they had not been documenting after staff called them for PRN authorizations nor did the staff document the effectiveness of the PRN medications.
