(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)	ID PREFIX TAG	PROVIDER'S PLAN OF CORRECTION (EACH CORRECTIVE ACTION SHOULD BE CROSS-REFERENCED TO THE APPROPRIATE DEFICIENCY)	(X5) COMPLETE DATE
A7066	19 CSR 30-87.030(64) Grills/Griddles/Microwaves/Other-Clean Daily The food-contact surfaces of grills, griddles and similar cooking devices and the cavities and door seals of microwave ovens shall be cleaned at least once a day, except that this shall not apply to hot oil-cooking equipment and hot oil-filtering systems. The food-contact surfaces of all cooking equipment shall be kept free of encrusted grease deposits and other accumulated soil. III This regulation is not met as evidenced by: Class III Based on observation and interview, the facility failed to maintain the stove, oven, griddle and deep fryer by keeping them clean and free of debris build-up. This had the potential to affect all residents in the facility. The facility's census was 51. The facility did not provide a policy for cleaning of the kitchen. Observation of the kitchen on 06/04/26 at 11:30 A.M. showed: - A four burner gas stove with black crusty residue on the top, greasy residue on the backsplash and greasy residue down the sides; - The inside of the stove oven with black residue and crumbled foil covered with black charred areas on the surface of the floor of the oven's cooking compartment; - A griddle attached to the side of the stove with a black residue; - A deep fryer beside the stove with greasy residue on the top, inside and sides of the fryer; - A greasy puddle of residue with pieces of food on top on the floor behind the stove.	A7066	A7066: The corrective action taken for the deficient practice includes: Upon notification that the facility failed to maintain the stove, oven, griddle and deep fryer by keeping them clean and free of debris build-up. Kitchen staff immediately started deep cleaning and disinfecting. The four burner gas stove with black crusty residue on the top, greasy residue on the backsplash and greasy residue down the sides were cleaned and sanitized by kitchen staff. The inside of the stove oven with black residue and crumbled foil covered with black charred areas on the surface of the floor of the oven's cooking compartment were cleaned and sanitized by kitchen staff. The griddle attached to the side of the stove with a black residue was deep cleaned and sanitized by kitchen staff. The deep fryer beside the stove with greasy residue on the top, inside and sides of the fryer was cleaned and disinfected by kitchen staff. The greasy puddle of residue with pieces of food on top on the floor behind the stove was cleaned and disinfected by kitchen staff. Other residents having the potential to be affected by the same deficient practice were identified by: All residents had the potential to be affected by this deficient practice. The measures or systematic changes that have been put in place to ensure that the deficient practice does not recur include: Facility Administrator or designated personnel will add to the cleaning schedule for deep cleans of the stove,oven, griddle, and deep fryer daily instead of weekly to ensure they are clean and free of debris build up. To evaluate the effectiveness of this plan of correction and to sustain the corrective action, the Facility Administrator or designated personnel will complete overview the cleaning schedule daily and mark off the cleaning sheet that these items have been completed for their daily cleaning. The Facility Administrator or designated personnel will send the results to the Owner weekly for review that we are in compliance.	7/11/26
