(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)
F 0600 Level of Harm - Actual harm Residents Affected - Few	Protect each resident from all types of abuse such as physical, mental, sexual abuse, physical punishment, and neglect by anybody.

NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY Based on observation, interview and record review, the facility failed to ensure one sampled resident (Resident #2) was free from physical abuse out of 8 sampled residents when on 4/17/25 Resident #1 struck Resident #2 on the head with rock resulting in an approximately 3 centimeter (cm) laceration and a hospital visit. The facility census was 138 residents.

The Administrator was notified on 4/23/25 of the past noncompliance which began on 4/17/25. The facility immediately completed education for staff on the facility's Abuse and Neglect policy, the facility's Behavior Management police and de-escalation techniques. Resident #1 was placed on 1:1 supervision until his/her transport to the hospital on 4/18/25. Resident #2 was treated. The deficiency was corrected on 4/18/25.

Review of the facility's Abuse, Neglect and Exploitation Policy, dated 8/22/22, showed:

-It was the policy of the facility to provide protections for the health, welfare and rights of each resident by implementing policies and procedures that prohibit and prevent abuse, neglect, exploitation and misappropriation of resident property.

-Abuse was the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, pain or mental anguish, which could include staff to resident abuse and certain resident to resident altercations.

-Instances of abuse of all residents, irrespective of any mental or physical condition, caused physical harm, pain or mental anguish.

-Willful meant the individual must have acted deliberately, not that the individual must have intended to inflict injury or harm.

-Physical abuse included, but was not limited to hitting, slapping, punching, biting, and kicking. It also included controlling behavior by corporal punishment

1. Review of Resident #1's facility admission Record Face sheet showed he/she was admitted to the facility on [DATE] with the following diagnoses:

-Homelessness.

-Anxiety disorder (a mental condition characterized by excessive fear, worry or nervousness),

F 0600 Level of Harm - Actual harm Residents Affected - Few	-Resident #1 had to be sent out for evaluation, because the facility was not able to manage his/her signs and symptoms. -It was never justified for a resident to throw a rock at another resident. During an interview on 4/23/25 at 2:00 P.M., the DON said: -He/She was at the facility on 4/17/25. Someone said help was needed outside, so he/she went running. -He/She took Resident #2 into his/her office. His/her laceration was very superficial and they were not originally going to send him/her to the hospital. It was cleansed and ice was applied. He/She was sent to the hospital due to being on a blood thinning medication. -Resident #1 should not have thrown a rock at Resident #3. During an interview on 4/23/25 at 2:00 P.M., the Administrator said: -It was never appropriate for a resident to throw a rock at another resident. -He/She did not feel the incident was predictable because prior to 4/13/25 the resident did not have behaviors. -When Resident #1 threw the rock, he/she had just gone outside.
