1	50-5-226-2 Placement in assisted living facilities	<p>The intent of this rule or law has not been met as evidence by the surveyors review of client records and interviews.</p> <p>Findings: Interview with Staff #1 and #2 and review of Resident #1's Resident Needs Assessments (RNAs). Resident #1 was admitted to the facility with a Stage 3 pressure sore on their left hip. The Stage 3 pressure sore was not noted on the Pre-Move In RNA conducted 10/23/2025. However, it was documented on the Pre-Move In RNA that Resident #1 was completely dependent in 4 ADLs. This resident did not meet Category A designation, and therefore, could not have been served in a facility with only a Category A endorsement.</p>
