DISCHARGE/TRANSFER CRITERIA:

Initiated: _____ Revised: 1/1/16 Reviewed: _____

This community reserves the right to discharge any residents whose needs cannot be met or their condition does not meet the criteria for placement in The Heritage at Shalimar Gardens. The resident's POA will be given a 30-day written notice when discharge from the community is planned, unless immediate discharge is appropriate to ensure the safety of the resident in question, the safety of other residents, or to meet the needs of acute medical conditions. Every effort will be made to ensure the safety and comfort of the resident, as well as the comfort of the family. The Heritage at Shalimar Gardens will provide alternate dining environments, dining with an associate, finger foods, etc. to increase the resident's nutritional intake and to support independent eating before discharge. The final decision regarding discharge from the community will be made by the Executive Director. The Heritage at Shalimar Garden's associates will assist the family with alternate choices. Discharge will be necessary when the following changes occur.

1. When the resident needs complex nursing interventions and the family does not wish to provide for such services through an outside agency.
2. When the resident's behavior becomes unmanageable through behavior modification or through the use of medication. Every attempt will be made to manage behaviors without medications.
3. When incontinence issues cannot be managed through an incontinence management program.
4. When the resident is no longer able to feed themselves and maintain adequate nutritional level.
5. When the resident's physician determines that the resident's care requires the need for 24-hour skilled nursing.
6. At the request of the resident's POA.

SERVICE AGREEMENT:

All residents are assessed prior to admission to identify care and service needs which are utilized to develop an individualized Resident Service Agreement. The Resident Service Agreement and other related documents include personal information, likes and preferences, physical, emotional and spiritual needs. The agreement identifies who is responsible for specific tasks. This agreement is included in the Resident's chart at all times.

The Heritage at Shalimar Gardens recognizes the importance of family involvement and is open 24 hours a day to the families of our residents. The following procedure identifies how our Resident Service Agreement is initiated and modified:

1. At the time of admission a Resident Service Agreement will be completed and placed on the resident chart.
2. At any time a change has been noted, the Director of Healthcare Services or designees, will update the Resident Services Agreement, review the Resident Services Agreement with the POA and obtain a signature from the POA on the Agreement.

Initiated: _____ Revised: 1/1/16 Reviewed: _____

3. At any time the resident's POA wishes to change any item on the Resident Service Agreement, this will be completed by the Director of Healthcare Services and the Executive Director.
4. The frequency of the services provided will be listed on the Resident Service Agreement.
5. The level of care plan and service agreement will be updated annually or as needed for changes in the resident condition that may occur.
