IC 0000	These Infection Control and Prevention Recommendations are a result of an infection prevention and control visit with your facility. The visit was conducted by the Division of Public and Behavioral Health in accordance with Nevada Revised Statutes (NRS) 439.130 and NRS 449.131. Your facility's Infection Prevention and Control practices, plan and response were reviewed. As a result of this review, this document has been prepared to assist your facility to improve your facility's infection control and prevention response.	IC 0000		
IC 30	1. INFECTION CONTROL PROGRAM AND INFRASTRUCTURE The person responsible for coordinating the infection prevention program has received training in IC. Examples of training may include Successful completion of initial and/or recertification exams developed by the Certification Board for Infection Control & Epidemiology; Participation in infection control courses organized by the state or recognized professional societies (e.g., APIC, SHEA). Inspector Comments: New IP was in process of doing specific IC training during my first visit. During the second return visit with John Yered, IP had completed appropriate IC training per regulation.
