0000	Initial Comments - Inspector Comments: This Statement of Deficiencies was generated as a result of a State Licensure annual survey conducted in your facility on 1/8/19 in accordance with Chapter 449, Residential Facility . The facility received an annual survey grade of B. The census at the time of survey was seven. Seven sample resident files were reviewed, and five employee files were reviewed. The findings and conclusions of any investigation by the Division of Public and Behavioral Health shall not be construed as prohibiting any criminal or civil investigations, actions or other claims for relief that may be available to any party under applicable federal, state, or local laws. The following discrepancies were identified:	0000		
0250 SS= F	449.217(1) - Kitchens-Equipment works; Clean and Sanitary - NAC 449.217 Kitchens; storage of food; adequate supplies of food; permits; inspections. 1. The equipment in a kitchen of a residential facility and the size of the kitchen must be adequate for the number of residents in the facility. The kitchen and the equipment must be clean and must allow for the sanitary preparation of food. The equipment must be in good working condition. Inspector Comments: Based on observation and interview, the facility failed to ensure the food preparation area was clean to allow for sanitary preparation of food. Findings include: On 1/8/19 at 11:05 AM, multiple kitchen cabinets doors and door handles were sticky to the touch and covered in grease. Dust particles had accumulated above the stove. On 12/20/18 at 3:45 PM, A Caregiver indicated the kitchen was cleaned daily but was not dusted above the stove. The Caregiver confirmed the cabinets were sticky with grease and needed to be cleaned. Severity: 2 Scope: 3	0250	1) A schedule was established for the timely cleaning of the food prep areas. Caregivers have been retrained. 2) Owner and or Administrator will inspect the areas before and after each meal. 3)Owner and Administrator 4)Administrator 5)1/8/19	01/08/2019

If deficiencies are cited, an approved plan of correction must be returned within 10 days after receipt of this statement of deficiencies.

	<p>Monitoring the administration of medications and the effective use of the records of the medication administered to each resident; (5) Ensuring that each caregiver who administers a medication is in compliance with the requirements of subsection 6 of NRS 449.037 and NAC 449.196; (6) Ensuring that each caregiver who administers a medication is adequately supervised; (7) Communicating routinely with the prescribing physician or other physician of the resident concerning issues or observations relating to the administration of the medication; and (8) Maintaining reference materials relating to medications at the residential facility, including, without limitation, a current drug guide or medication handbook, which must not be more than 2 years old or providing access to websites on the Internet which provide reliable information concerning medications. (e) Develop and maintain a training program for caregivers of the residential facility who administer medication to residents, including, without limitation, an initial orientation on the plan for managing medications at the facility for each new caregiver and an annual training update on the plan. The administrator shall maintain documentation concerning the provision of the training program and the attendance of caregivers.</p> <p>Inspector Comments: Based on record review and interview, the facility failed to ensure the Medication Administration Record (MAR) was complete for 1 of 7 residents receiving as needed (PRN) medications (Resident #7). Findings included: The Resident's MAR documented, Ondansetron HCL 4 MG tab, take 1 tab by mouth every four hours PRN. The MAR did not indicate when the medication should be given or contain documentation the medication was administered. A physician's order dated 9/12/18 indicated Ondansetron was to be administered PRN for nausea and diarrhea. On 1/8/19 at 4:00 PM, Caregiver #1 (C1) and Caregiver #2 (C2) confirmed the medication Ondansetron HCL was a PRN medication but did not know what the medication was for and it was never given. C1 and C2 confirmed the MAR</p>
