Facility: Village at Oakwood
Address: 817 SW 59th Street
City, State, Zip: OKC, OK 73109
Provider #: AL5534
Complaint #: OK00059960
Investigation Date(s): 01/03/23-01/05/23

ALLEGATION(S)	S = SUBSTANTIATED US = UNSUBSTANTIATED
---------------	---

1. The facility failed to provide adequate supervision to prevent injuries and death.	US
---	----

Violation (s) unrelated to this complaint were also cited during the investigation.

An unannounced on-site investigation was initiated on 01/03/2023 at 11:35 a.m.

A sample of three residents including any identified resident(s), was selected for the investigation based on the concerns relevant to the allegation(s).

The investigation was conducted following standards set by the statutes, rules and regulations of the State of Oklahoma utilizing Investigative Protocols. Evidence was obtained through observations; interviews with residents, family members, staff members and others as indicated; and review of pertinent written and electronic records.

A Description of Significant Findings Related to Each Allegation is Provided Below:

Allegation #1: Deficient practice was unsubstantiated related to this allegation.

An investigation specific to incident reports, staffing, resident records, and resident service agreements was conducted.

Incident reports, staffing, resident records and resident service agreements were reviewed.

Resident's were observed moving freely inside and outside of the center.

At the time of the survey, residents stated they could come and go freely inside and outside of the center. They stated the doors were locked from the outside and required them to push a button upon return to the center for entrance back into the center as a safety precaution.

At the time of the survey, staff stated no resident posed a threat to themselves, safety concerns were documented and monitored in care plans, medication administration records, risk management plans coordinated with their case manager and care team.

At the time of the survey, there was no deficient practice related to resident supervision.

Determination Summary and Follow-Up Action:

Deficient practice was unsubstantiated for allegation #1. No further action is required.

A determination that an allegation was unsubstantiated (US) is not a judgment, or any reflection of the accuracy of the allegation, nor is it a dismissal of your concern. It means the survey team did not find sufficient evidence at the time of the investigation to confirm a deficient practice or violation of the state regulations had occurred in relation to the allegation.

Thank you for bringing these concerns to our attention.

Melissa Swaim RN

ALLEGATION(S)	S = SUBSTANTIATED US = UNSUBSTANTIATED
---------------	---

1. The center failed to ensure the physician's orders were followed regarding the availability of the residents' medications.	US
2. The center failed to provide a clean, comfortable and homelike environment.	US
3. The center failed to maintain the resident's dignity by giving her another resident's food tray.	US

Violation (s) unrelated to this complaint were also cited during the investigation.

An unannounced on-site investigation was initiated on 01/03/2023 at 11:35 a.m.

A sample of three residents including any identified resident(s), was selected for the investigation based on the concerns relevant to the allegation(s).

The investigation was conducted following standards set by the statutes, rules and regulations of the State of Oklahoma utilizing Investigative Protocols. Evidence was obtained through observations; interviews with residents, family members, staff members and others as indicated; and review of pertinent written and electronic records.

A Description of Significant Findings Related to Each Allegation is Provided Below:

Allegation #1: Deficient practice was unsubstantiated related to this allegation.

An investigation specific to physician ordered self-administered treatments was conducted.

Physician orders and treatment administration records were reviewed.

Physician ordered self-administered treatments were observed in resident rooms.

At the time of the survey, no resident complained about not having their physician ordered self-administered treatments.

At the time of the survey, staff stated physician ordered self-administered treatments were monitored on Friday's during the dayshift and would reorder the physician ordered self-administered treatment when needed.

At the time of the survey, there was no deficient practice related to medication availability.

Allegation #2: Deficient practice was unsubstantiated related to this allegation.

An investigation specific to housekeeping services was conducted.

Housekeeping scheduled services and resident records were reviewed.

Housekeepers were observed throughout the survey providing services to residents. There were no odors, trash, or untidy rooms observed throughout the survey.

At the time of the survey, residents stated housekeeping provided services once a week.

At the time of the survey, housekeeping staff stated they provided services once a week. Staff stated they removed trash from resident rooms throughout their shift. They stated soiled incontinence products were removed from the resident apartment at the time of service.

At the time of the survey, there was no deficient practice related to clean, comfortable, homelike environment.

Allegation #3: Deficient practice was unsubstantiated related to this allegation.

An investigation specific to diet and food services was conducted.

Dietary records, resident records, and physician orders were reviewed.

At the time of the survey, residents reviewed the menu provided to each dining room table. They stated there were daily specials, breakfast could be ordered any time of day, and there were other options provided which could be ordered according to their preference.

At the time of the survey, staff stated they offered open dining where the residents were given many options to have meals provided in the dining room, meals to go, and room trays when needed. Food services was managed as a restaurant where residents could eat at a time of their choice during the open hours.

At the time of the survey, there was no deficient practice related to dignity.

Determination Summary and Follow-Up Action:

Deficient practice was unsubstantiated for allegation #1-#3. No further action is required.

A determination that an allegation was unsubstantiated (US) is not a judgment, or any reflection of the accuracy of the allegation, nor is it a dismissal of your concern. It means the survey team did not find sufficient evidence

at the time of the investigation to confirm a deficient practice or violation of the state regulations had occurred in relation to the allegation.

Thank you for bringing these concerns to our attention.

Violation (s) unrelated to this complaint were also cited during the investigation.

An unannounced on-site investigation was initiated on 01/03/2023 at 11:35 a.m.

A sample of three residents including any identified resident(s), was selected for the investigation based on the concerns relevant to the allegation(s).

The investigation was conducted following standards set by the statutes, rules and regulations of the State of Oklahoma utilizing Investigative Protocols. Evidence was obtained through observations; interviews with residents, family members, staff members and others as indicated; and review of pertinent written and electronic records.

A Description of Significant Findings Related to Each Allegation is Provided Below:

Allegation #1: Deficient practice was unsubstantiated related to this allegation.

An investigation specific to physician orders, medication administration records, monthly medication reviews, quarterly pharmacy reviews, and physician/APRN-CNP (Advanced Practice Registered Nurse-Certified Nurse Practitioner) notes was conducted.

Resident records were reviewed. Physician ordered medications were administered as ordered.

No resident observed appeared to be overmedicated.

At the time of the survey, no resident complained about being overmedicated.

At the time of the survey, staff stated monthly medication reviews were conducted by a registered nurse, in addition to the medication reviews the physician or APRN-CNP conducted medication reviews at the time of their resident visits.

At the time of the survey, there was no deficient practice related to overmedication.

Determination Summary and Follow-Up Action:

Deficient practice was unsubstantiated for allegation #1. No further action is required.

A determination that an allegation was unsubstantiated (US) is not a judgment, or any reflection of the accuracy of the allegation, nor is it a dismissal of your concern.
