Dear Ms. McKnight:

On May 22, 2018 through May 23, 2018, surveyor(s) for the Department of Health conducted a revisit survey and investigation at your assisted care living facility pursuant to T.C.A. § 68-11-210. Upon exiting the facility on May 23, 2018, the surveyor(s) notified you or your representative of the deficient practices and conditions in the home which were, or were likely to be, detrimental to the health, safety, or welfare of the residents. T.C.A. § 68-11-812. Thereafter, the Board of Licensing for Health Care Facilities suspended the admission of new residents to the facility pursuant to T.C.A. §§ 68-11-207(b)(1) and 68-11-813 due to those investigative findings cited above, during its June 6, 2018 Board Meeting.

On April 10, 2019 surveyor(s) for the Department of Health conducted a follow-up survey at your assisted Living facility pursuant to T.C.A. § 68-11-210 to determine if the deficient practices and conditions in the facility which were, or were likely to be, detrimental to the health, safety, and welfare of the residents had been corrected as stated in the facility's approved plan of correction. Upon exiting the facility on April 10, 2019, the surveyor(s) determined that those deficient practices and conditions have been corrected, and the facility has returned to substantial compliance for state licensing purposes.

Therefore, the Board of Licensing for Health Care Facilities find, based upon the follow-up survey report that the deficient practices and conditions detrimental to the health, safety, or welfare of the residents were corrected and the facility has returned to substantial compliance. On May 8, 2019, the Board of Licensing for Health Care Facilities ordered the lifting of the Suspension of Admission of new residents to the facility pursuant to T.C.A. § 68-11-207.

Sincerely,

A handwritten signature in blue ink that reads 'Rene Saunders M.D.'.
