Comments:

This inspection was conducted using an alternative remote protocol due to a state of emergency pandemic declared by the Governor of Virginia.

A monitoring inspection was initiated on October 29, 2020 and completed on 1/28/2021. A self reported incident was received by the Department regarding the administration of medications. The licensing inspector emailed the facility a list of items to review (Medication Administration Records - [MARs](#), Physician Orders, staff schedules) and interviewed staff to determine compliance with applicable standards and law.

The information gathered during the investigation did not support any non-compliance with the standards or law.
