A complaint inspection was initiated on 2/12/2021 and concluded on 2/17/2021. A complaint was received by the department regarding allegations in the areas of buildings and grounds. The administrator was contacted by telephone to conduct the investigation. The licensing inspector emailed the administrator a list of documentation required to complete the investigation.

The evidence gathered during the investigation did not support the allegations of non-compliance with standards or law. Any violations not related to the complaints but identified during the course of the investigation can be found on the violation notice.
