Comments:

This inspection was conducted by licensing staff using an alternate remote protocol necessary due to a state of emergency health pandemic declared by the Governor of Virginia.

A monitoring inspection was initiated on 2/22/2021 and concluded on 2/25/2021. The administrator was contacted by telephone to initiate the inspection. The administrator reported that the current census was 57. The inspector emailed the administrator a list of items required to complete the inspection. The inspector reviewed four resident records, four staff records, staff work schedule, fire drill reports, healthcare and dietary oversight reports as well as the annual health and fire safety inspections submitted by the facility to ensure documentation was complete. The inspector reviewed the Virginia Criminal Background Checks for all employees hired since the last monitoring inspection that occurred on 1/14/2020. The inspector also interviewed the administrator.

Information gathered during the inspection determined no violations with applicable standards or law. No violations were issued. The exit interview was held via telephone with the administrator on 2/25/2021.
