Comments:

This inspection was conducted by licensing staff using an alternate remote protocol necessary due to a state of emergency health pandemic declared by the Governor of Virginia.

A monitoring inspection was initiated on 04/23/2021, and concluded on 4/27/2021. The administrator was contacted by telephone to initiate the inspection. The administrator reported that the current census was ten (10). The inspector emailed the administrator a list of items required to complete the inspection. The inspector reviewed four (4) resident records, two (2) staff records, fire inspection, health inspection, healthcare oversight, U.A.I.s, I.S.P.s, staff training records, [MARS](#), and staff schedules, submitted by the facility to ensure documentation was complete.

The information gathered during the inspection determined no violations with applicable standards or law. No violations were issued.
