Comments:

This inspection was conducted by licensing staff using an alternate remote protocol necessary due to a state of emergency health pandemic declared by the Governor of Virginia.

A monitoring inspection was initiated on 1/19/2021 and concluded on 1/20/2021. The administrator was contacted by telephone to initiate the inspection. The administrator reported that the current census was 46. The inspector emailed the administrator a list of items required to complete the inspection. The inspector reviewed three (3) resident records, three (3) staff records, and other required documents submitted by the facility to ensure compliance with assisted living standards and regulations. A review was completed of all background checks for staff hired since the last renewal inspection.

The information gathered during the inspection determined no violations with applicable standards or law.
