Comments:

This inspection was conducted by licensing staff using an alternate remote protocol necessary due to a state of emergency health pandemic declared by the Governor of Virginia.

A renewal inspection was initiated on 6/14/2021 and concluded on 6/17/2021. The Administrator was contacted by telephone to initiate the inspection. The Administrator reported that the current census was 78. The inspector emailed the Administrator a list of items required to complete the inspection. The inspector reviewed four (4) resident records, four (4) staff records, staff schedules, fire drill records, background check review on new staff, health care oversight report, fire inspection report, health department report, infection control policy and medication management plan submitted by the facility to ensure documentation was complete.

The information gathered during the inspection determined no violations with applicable standards or law. No violations were issued.
