Comments:

This inspection was conducted by licensing staff using an alternate remote protocol necessary due to a state of emergency health pandemic declared by the Governor of Virginia.
A monitoring inspection was initiated on 6/24/2021 and concluded on 6/29/2021. The administrator was contacted by telephone to initiate the inspection. The administrator reported that the current census was 55. The inspector emailed the administrator a list of items required to complete the inspection. The inspector reviewed 4 resident records, 4 staff records, required facility documentation, medication administration records and physician orders and criminal history records submitted by the facility to ensure documentation was complete. The information gathered during the inspection determined no violations with applicable standards or law. No violations were issued. Please contact me by e-mail at T.Lesley@dss.virginia.gov if further assistance is needed.
