RE: ROSEWOOD COURTE MEMORY CARE COMMUNITY # 1379

Dear Administrator:

This document references Compliance Determination 54459 (02/12/2025), which included complaint number(s) 164582, 163417.

The Department completed a complaint investigation of your Assisted Living Facility on 02/12/2025 and found that your facility does not meet the Assisted Living Facility requirements.

The department staff who did the inspection and provided consultation:

Hayley Pinkham, ALF Licenser

Consultation:

WAC 388-78A-2610 Infection control.

(2) The assisted living facility must:

(f) Report communicable diseases in accordance with the requirements in chapter 246-100 WAC.

The Assisted Living Facility (ALF) failed to notify the Local Health Jurisdiction (LHJ) to report a gastrointestinal infectious outbreak. This failure placed 43 residents at risk for acquiring an infectious illness.

This document was prepared by Residential Care Services for the Locator website.

Residential Care Services Investigation Summary Report

Provider/Facility: ROSEWOOD COURTE
MEMORY CARE COMMUNITY

License/Cert.#: 1379

Compliance Determination #: 54459

Investigator: Hayley Pinkham

Investigation Date(s): 02/07/2025 through 02/12/2025

Complainant Contact Date(s): 02/12/2025

Provider Type: Assisted Living Facility

Intake ID: 164582

Region/Unit #: RCS Region 2 / Unit J

Allegation(s):

- 1) The Assisted Living Facility (ALF) did not report to the Department of Health (DOH) a recent outbreak of a gastrointestinal illness (GI).
- 2) The ALF is not testing for the cause of the GI illness and residents are not being excluded from shared dining spaces and the ALF is not allowing employees to wear masks for protection.

Investigation Methods:

Sample:	Total residents: 43 Resident sample size: 2 Closed records sample size:
Observations:	Residents Dining Resident rooms Staff to resident interactions Resident to resident interactions Kitchen
Interviews:	Nursing staff Residents Family members Housekeeping staff Kitchen staff
Record Reviews:	Medical records Facility policies

Investigation Summary:

- 1) Observation of sampled residents showed no concerns for the care, safety and well-being of the residents. Interview with family members showed the ALF implemented their infection control protocols. Interview and record review showed the ALF followed infection control policy and procedures. The ALF notified the department per guidelines but did not notify DOH by email notification. Interview showed the ALF called the DOH, but the ALF could not provide supportive documentation. Consultation provided.

2) The ALF primary care physician did not order testing for the GI illness and recommended symptom-based treatment. Interview and record review showed the ALF maintained distancing precautions within the capability of the memory care unit. Observation, interview and record review showed the ALF provided the appropriate personal protective equipment and all staff were directed to use masks as needed. No findings of deficient practice.
